## **MEDICAL EXAMINATION INSTRUCTIONS**

Every applicant for an immigrant or fiancé (e) visa is required to undergo a medical examination by a physician authorized by the Embassy. The applicant may also require immunizations before a visa can be issued. Applicant must contact the physicians directly to arrange an appointment. All examination and immunization fees are the responsibility of the applicant.

Cambodian applicants may choose to undergo examination in Phnom Penh.

The following physicians are authorized to conduct medical examination of visa applicant. The fees listed below are for medical examination only. Immunizations may require the payment of an additional fee. Applicants should bring their passport, three (1 x 1 ½ inches or 4x6 cm) photographs of themselves, a case number (on a packet 3 letter), and records of any major illnesses or immunization to the medical examination.
